Military Service Completed

SUMMARY

I am a Front-End Developer with a strong specialization in React.js and Next.js, supported by solid experience in Redux Toolkit, TypeScript, and modern web development practices. I focus on building responsive, high-quality, and maintainable user interfaces with precise attention to detail and performance. I am committed to continuous learning, professional growth, and delivering reliable solutions that contribute effectively to project goals and organizational success.

EDUCATION

- Bachelor's degree of Computer Science – Nahda University (2020-2024)
- Cumulative GPA (CGPA): 3.75/4.0 – Excellent

PROJECTS

• Online Store – Full E-Commerce Web Application

- Built a fully responsive e-commerce website with product listing, dynamic filtering, and shopping cart functionality.
- Implemented a smooth and secure checkout process with efficient global state management using Redux Toolkit.
- Integrated REST APIs to fetch and manage product data with optimized performance and clean code structure.
- Ensured a modern UI, fast load times, and full cross-device compatibility using Next.js and TailwindCSS.

Technologies: Next.js, React, TypeScript, Redux Toolkit, TailwindCSS, Rtk Query

• Admin Dashboard – Management Panel (Business-Level)

- Developed a responsive admin dashboard with intuitive navigation and modular components for managing users, products, and analytics
- Implemented dynamic charts, tables, and real-time data updates to support efficient decision-making.
- Built reusable UI components with clean architecture to ensure scalability and maintainability.
- Integrated REST APIs for CRUD operations with optimized state handling and error management.

Technologies: React, Redux Toolkit, JavaScript, Vite, Material UI, REST API, React query

• Personal Portfolio – Developer Website

- Created a modern portfolio with detailed sections for projects, skills, and contact information.
- Ensured responsive design using TailwindCSS and mobile-first principles.
- Integrated a contact form and deployed the project for public access.
- Implemented dynamic routing, SEO optimization, and smooth animations for better UX.

Technologies: React, Bootstrap 5, Framer Motion

SKILLS

- **Soft Skills**

- **Teamwork & Collaboratio**
- **Strong Communication Skills**
- **Problem Solving & Debugging**
- **Ability to Work Under Pressure**

- **Hard Skills**

Languages & Markup

HTML5, CSS3 ,SASS , JavaScript (ES6), TypeScript

Frameworks & Libraries:

React.js, Next.js, Redux Toolkit, Zustand, Bootstrap,Talwind CSS, Axios, Rtk Query

Tools & Platforms

API & Testing: Axios, Postman, REST API

Package & Build: npm, Yarn, Vite, Webpack

Design & Prototyping: Figma, Photoshop

Deployment & Hosting: Netlify, Vercel, GitHub Pages

LANGUAGES

Arabic: Native

English:B2
